## EDUCATION

B.E. IN C.S.E  
SMVITM, Bantakal, Udupi  
2018-2022

HSC In PCMCs  
MVM, Mulund, Mumbai  
2016-2018

CBSE  
DMWA, Airoli, Navi Mumbai  
2015-2016

## SKILLS

HTML  
CSS  
JavaScript  
React  
Express  
Flutter  
Python  
Github

## SUMMARY

Recent computer science engineering graduate with technical skills and industry knowledge. Freelanced in medical field, developed pharmacy and dental clinic websites using React, Sanity, PostgreSQL. Collaboration with medical professionals deepened healthcare understanding. Proficient in React, Flutter, Python, C++. Led teams on translation and attendance system projects, eager to contribute with expertise and passion for innovation.

## WORK EXPERIENCE

### DENTAL CLINIC MANAGEMENT SYSTEM

Best Care Dental Clinic (Freelance)  
Dental Clinic Management System is made using React, Express, PostgreSQL, and DigitalOcean. The aim of the project is to create a management system which can store data about the patients, doctors and the appointment and treatments.

### PHARMACY ECOMMERCE WEB APP

Best Care Medical (Freelance)  
An Ecommerce Web app is made using flutter and firebase. The aim of the project was to connect the offline store to the online market.

### TULU TO ENGLISH VIRTUAL KEYBOARD

SMVITM (Final Year Project)  
Tulu, a language spoken in South Canara, Karnataka, has a distinctive script. Though there are written works in Tulu, there is limited technology supporting Tulu characters electronically. A proposed GUI application with an onscreen keyboard aims to aid Tulu translation using Natural Language Processing and Rule-Based Machine Translation, ensuring ease, precision, and reliability.
